Project

Responsible for the operations of the African Union Commission and all other offices located outside the Headquarters which are under the Commission in relation to the functions of the Supply Chain Management and Administration and Facilities Management. He/She shall have the mandate of planning, developing and implementing the strategic policies in the area of supply chain management and administration and facilities management, while promoting inter-organizational collaboration.

Tasks

1. Major Duties and Responsibilities

- Develop and maintain operating rules and procedures in handling the supply chain and facility management of the AUC.
- Provide technical leadership and ensure efficient functioning of all Divisions under the Directorate.
- Ensure overall management of the Directorate personnel, budget, performance, quality, discipline and training in conformity with relevant rules and procedures in force.
- Determine and execute the overall supply chain strategy of the organization.
- Develop and oversee policy development guidelines in the area of supply chain and operations management.
- Build and maintain a strategic plan to form good working relations with other directorate/department.
- Develop and maintain regular working relations with top level stakeholders in appropriate agencies of Member States and partners.
- Propose training programs relating to best practices in area of expertise of supply chain and operations management.
- Prepare periodic financial and budget execution reports, annual financial statements and other reports for the directorate of operations.

2. Specific Responsibilities

- Coordinate the design and implementation of the Operations Support Services strategy in line with the needs of the organization and pertinent roadmaps such as Agenda 2063; The Operations support strategy includes an African Union Procurement Strategy
- Develop and implement up to date Operations policies, circulars and Standard Operating Procedures for efficient service delivery the area of procurement, contract management, facilities management, logistics operations and support services operations;
- Build and implement regular strategies to initiate business and organization partnership to ensure spends control and build a culture of long term savings and quality delivery on procurement cost
- Develop supply chain and operations support strategies by estimating, forecasting, and anticipating requirements, trends, and variances; aligning monetary resources; developing action plans; measuring and analyzing results; initiating corrective actions in order to minimize the impact of variances;

- Foster compliance with African Union Financial Rules and Regulations, and the African Union Procurement Manual as well as other guiding administrative policies and other relevant international standards and advise on revisions by studying current situation vis a vis global trends;
- Initiate and take necessary actions to generate funds for the maintenance of African Union Commission's facilities and procurement of working equipment;
- Oversee the preparation and management of the annual budget of the Directorate and its execution while ensuring compliance with established Rules, Regulations, Procedures as well as AUC decisions
- Build the necessary partnerships and establish communication channels with internal and external stakeholders to ensure that the objectives of the Directorate are met; Organise coordination meetings between the Department and other relevant organisations and stakeholders;
- Execute the Directorate's mandate in conjunction with the AUC Leadership and all other AU Organs by discussing and undertaking strategic planning for their departments and operations in the area of Supply chain including Procurement of goods and services, travel management, estate development, central administration and registry service, logistics and fleet management, facilities management and maintenance and Operationalization of activities.
- Oversee all AUC financial investments in facilities management, improvement of premises, new development projects activities and budget negotiations; contracts and agreements
- Within delegated authority, liaise, negotiate and coordinate with national authorities and /or member governments with respect to administrative and logistical matters.
- Ensure overall management of the Directorate's personnel, budget, performance, quality, discipline and training in conformity with relevant rules and procedures. Supervise the directorate staff by providing feedback, positive reinforcement and/or suggestions to improve productivity
- Carry out any other duties as may be assigned.

Requirements

1. Education Qualifications and Professional Experience

Master's degree in Business Administration, Finance and Accounting, Project Management, Supply Chain or business-related relevant area.

- Minimum of 12 years in progressively responsible positions in one of the following areas: procurement and supply chain management, financial management, program management and or any other area related to the business, with 5 years at a senior management level.
- Membership of relevant professional body will be an added advantage.
